Public Works Team Meeting
City Council Meeting 07/20/2016

July 13, 2016

Submitted by Jim Baker

The Public Works Team meeting was held at 2:00 PM on July 13, 2016. Present were Councilmen Jim Baker and Ken Hill, Public Works Director Harry Shanafelt, staff personnel Mary Cerise, participants Gary Goodman, Gary Beers, Larry Wade and Jared Bragg.

- 1) There was no discussion items added to the agenda.
- 2) Discussion of proposed subdivision/annexation and connection to City utility services: Gary Beers and Larry Wade. They discussed their proposal. Formal application has not yet been submitted to the City. Applications on this area have been received in the past. However, the proposal was not brought to completion. When received the proposal and past file will be forwarded to Planning and Zoning for action. The Teams do not forward a recommended action to Council concerning subdivision proposals.
- 3) Proposed improvement at Salmon Hockey Association's Snack shack /Restroom structure: Jared Bragg. He discussed the Salmon Hockey Association's preliminary plans for a new building structure and needed revisions to their current sewer situation. They need to have access to the City's sewer system. Harry discussed possible alternatives for their consideration. Our current agreement with the association requires Council approval for improvements which exceed \$10,000. Mr. Bragg will present the Association's current plans at the July 20 Council Meeting.
- 4) Update/action on possible availability of the City's sewerage treatment system to receive fecal materials currently being collected and treated at North Fork, Idaho from Middle Fork of Salmon River float trips. Neither further information nor inquiries have been received.
- 5) Street signs/City addresses/non-connecting streets. After some discussion no consensus was attained. The proposal will be presented at a future Council meeting.
- 6) Review of water/sewer non-standard service account per prior agreement with City Council. Topic was postponed until the next team meeting.

The next Public Works Team meeting will be August 10, 2:00 PM at City Hall.

Steve and Cindy Frazee – Request Vacation of Portion of Copper Street and Land Exchange

Steve Frazee presented his proposal to council. He would like the city to vacate a half block of Copper Street located between Bryan Avenue and Courthouse Drive. Also included in the proposal would be the deeding of a triangle shape of property owned by Steve and Cindy Frazee to the City
City Council Meeting 07/20/2016

of Salmon. Immediately below that intersection, the Courthouse Drive right-of-way narrows to nine feet in width.

Mayor Marshall interrupted Mr. Frazee's presentation to open the public hearing at 6:15 p.m.

Amy Fealko, Finance Director/Treasurer gave a report on the budget. The budget for next year is \$4,231,144.00. Of that \$1,082,300.00 is tax revenue which is a .75% increase.

Written correspondence was received from:

- 1) Joe & Denyce Bigley, requesting funds for the Outdoor School
- 2) Kathy McDonald supporting Outdoor School
- 3) Shanda Fitte supporting Outdoor School

Supporting budget - none

Uncommitted - none

Opponents of:

- 1) Nancy Bolyard was present to offer support for the Bigley's Outdoor School
- 2) Robert Dunlop, 603 Riverfront Drive stated:
 - a) There is a tax increase involved with this budget
 - b) Council and Mayor should not get retirement contributions
 - c) The Humane Society is a worthy cause but they should be asked what they can do for us for less the same as staff was expected to do
 - d) The Lemhi Education Project is also a worthy cause but it is not right to expect taxpayers within the city to pick up the tab when they are already picking up taxes from Lemhi County. That includes us.
- 3) Meriah Baker, 1406 Leadore Avenue supports the Outdoor School
- 4) Linda Johnson 110 9th Street supports the Outdoor School

The hearing was closed at 6:33 p.m.

Mayor Marshall asked Mr. Frazee back to the Podium to resume the request for street vacation.

Council member Baker asked Mr. Frazee if he would be willing to negotiate with the property owner in the area to see if he would be interested in selling the property that could be used to widen Courthouse Drive. The city could then then trade like value for properties. A motion was made to table the discussion until council hears back from the Frazee's.

Jared Bragg – Salmon Hockey Association Major Improvements to Snack Shack

Michelle Tucker, grant writer for Salmon Hockey said they have 100 to 110 youth with an average of 60 teams traveling to our community every winter. They spend approximately \$5,000 per team per weekend. She stated that it is a \$1.5 million economic impact per hockey season.

Jared said it is time for improvement. They will be upgrading the restrooms and snack shack. They also plan to hook up to city sewer. The project will be funded through potential grants and income that they have been accumulating over the years. They are not asking for city funds but are asking for approval to proceed as per their agreement with the city. They may ask the city to meet in the middle if they are required to put in an 8" main and manholes at some point in time.

A motion was made by council member Bockelman that by item 4 of the service agreement between the City and Hockey under “other conditions b.” allow Salmon Hockey to go forward with a project in excess of \$10,000 for the improvement of the snack shack and restroom facility. The motion carried unanimously.

Marri Stratter – Community Transformation Grant for Childhood Obesity and Health –
Removed from Agenda

Ordinance No. 16-816, AN ORDINANCE ENTITLED THE ANNUAL APPROPRIATION ORDINANCE FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2016, APPROPRIATING THE SUM OF \$4,231,144.00 TO DEFRAY THE EXPENSE AND LIABILITIES OF THE CITY OF SALMON FOR SAID FISCAL YEAR, AUTHORIZING A LEVY OF A SUFFICIENT TAX UPON THE TAXABLE PROPERTY AND SPECIFYING THE OBJECTS AND PURPOSES FOR WHICH SAID APPROPRIATION IS MADE.

There was a discussion on how to provide the \$2,000 that Bigley’s asked to be put back in their budget. It was suggested that each department give a percentage of their budget. Lin Gray, Sacajawea Center Director recommended that council take some from the two organizations that are outside of the city (Humane Society and Lemhi Education Project) or there is a possibility that she can find grant funding to make up for the loss.

Council member Baker made a motion to fund, find the money by percentage in the programs and you, the director, looks for a, sees if she can find, an additional grant monies...if she finds additional grant monies we will throw the money back in there, redistribute.

Council member Bockelman asked Amy Fealko if that would work. She replied that yes, that would work, but she disagrees with taking it from other departments because just like \$1,000 is very important to the Humane Society, \$1,000 is very important to all the City departments. We have gotten to the point where somebody complains and we automatically go for it. This was discussed a lot at four different budget meetings and we had all of the options on the table. I know the Bigley’s programming is a great part of the community.

Council member Bockelman said yes, Amy, you did your job quite well in getting us the information, what we didn’t have was public input.

Mayor Marshall said I’m not sure any other department got cut 30%. Amy said for clarification the letter said \$10,000, they were cut \$5,000 which is about 4%.

Council member Baker said what she is talking about is different percentages. Apples over here and bananas there; it’s not the same deal. He added to his motion; “and including the Cemetery”. All voted aye in a roll call vote.

Council member Hill made a motion to pass the first reading of Ordinance No. 16-816 by title only.

Council member Jackson said the ¾% raise in the budget did not get put out to the public in his opinion. Council member Hill said he saw it in the newspaper. The motion carried with 4 ayes. Council member Jackson voted no.

City of Salmon Sidewalk Improvement Project – Contract & Bidding Documents, Specifications, and Plans

Mary Cerise said the city has to use federal highway standards on the sidewalk project. She asked council to approve the documents she presented to them. The pre-bid meeting will be August 4th at 2:00 p.m. with bids due August 16th and opened on that same day. The awarding of bids would then go on the agenda for the August 17th meeting. Council member Baker made a motion that council approve the plans and specs using the plans and specs from Idaho Department of Transportation and following review by Mary Cerise and Fred Snook of any irregularities that action proceed. All voted aye and the motion carried.

Beer and Wine License Renewal – Saveway Market

Council approved the beer and wine license renewal request from Saveway Market unanimously.

Parks Agreements and Field Use Discussion

The agreements that the City currently has with the various groups were discussed to some extent. Staff is concerned about lack of contact information for volunteers of the groups involved. Council members Jackson and Bockelman said the discussion had not been completed at the team level and requested that it be sent back to the Parks and Recreation Team for further discussion.

Street Dance Discussion

The Salmon River Days street dance was held for 3 nights. An individual that lives by the park called several council members and the Mayor late that evening. Mayor Marshall also received some text messages. Council member Jackson stated that when the resident started using profanity he hung up the phone. He later unplugged his phone because the resident kept calling

back. He considers it harassment. He would like something done so people can enjoy the park the way it was intended.

City Limit Signs

Council member Jackson would like the city limit sign moved out. Harry Shanafelt pointed out that the city limits vary depending on where you are. One side of the highway you are in and the other side you are out. Mayor Marshall will get more information from the local highway department.

Idaho Avenue Property

Council instructed staff to proceed with advertising the property for sale with a minimum price of \$5,000.

Public Comments

1) Robin Phillips, 1000 Leadore Avenue, attended the street dance. She recommended that council not let the tail wag the dog. What council went through was harassment and the resident shouldn't be allowed to dictate where events are held. Also, she was present when Councilman Baker asked staff to cut budgets. They worked hard and came up with the budget that was presented; then the squeaky wheel got the oil. That doesn't seem like the right way to do business.

2) Robert Dunlop, 603 Riverfront Drive, said he sees that the Sacajawea Center showed admission fees at \$8,500 and next year it is projected at \$9,000. He also noticed that last year the advertising budget was \$2,000 and for next year it is at the same amount. He doesn't see how the Sacajawea Center is going to increase those admissions without getting the word out that the Sacajawea Center exists. Without advertising it is like winking at a girl in the dark; you know what you are doing but she doesn't. He also complimented Steve Demick for the hanging flower baskets on Main Street.

Adjournment

The meeting was adjourned at 8:30 p.m.
