

Public Safety Team Meeting Minutes
July 10, 2019
Presented by Ken Hill

The Public Safety Team met Thursday, July 10, 2019. Present were Councilors James, Phillips, and Hill, Chief of Police K. V. Felker and Cindy Phelps representing the Humane Society.

The team discussed the playground equipment that is currently at the CDC. The discussion was whether it should stay there or be moved. There has been a tentative offer by the Elks to move the equipment to their property. They believe that would be the best solution all around but no details have been worked out yet.

Concern of dogs running at large was also discussed. Meeting Ordinance requirements will hopefully be corrected by the hiring of a Community Services Officer, which is scheduled to take place when the new budget year begins.
